

# NEW YEAR

loading...  
76% complete

Throughout the world it is celebrated on the evening of December 31<sup>st</sup> and after midnight, the first day of the year, January 1<sup>st</sup> begins. Although you might be familiar with this event, the origins and purpose of this tradition has become a hidden mystery. For instance, most are unaware that they are worshipping Janus, a false god of the Romans. **Exodus 34:14** “*For thou shalt worship no other god: for the LORD, whose name is Jealous, is a jealous God.*” The month of January received its name from this false god with two faces, that allowed him to look back into the past and forward into the future, thus representing beginnings. This was instituted by Julius Caesar when he introduced his new (Julian) calendar and then reestablished by the Catholic Pope Gregory XIII, the namesake of the current calendar.

The Gregorian Calendar that is widely used today, is based on the Julian Calendar with a slight modification of leap years. Accordingly it honors all the ancient traditions of the Romans, this means all their pagan gods and religious days. Evidence is found of their errors within the names of the months. From January until June, all the names of the months derive from false gods, then the months of July and August are named after Julius and Augustus Caesar. Ironically the following months show that January is not the first month of the calendar. Since the word September in Latin means seventh, October means eighth, November means ninth, and December means the tenth month.

From the calendar itself it could be understood that the new year should be in the month of March, when the spring season begins. **Deuteronomy 16:1** “*Observe the month of Abib, and keep the passover unto the LORD thy God: for in the month of Abib the LORD thy God brought thee forth out of Egypt by night.*” The proper time to keep the new year is in the month of Abib. This is the first month of the year in which Passover is also kept. **Exodus 12:2** “*This month shall be unto you the beginning of months: it shall be the first month of the year to you.*” The name Abib in Hebrew signifies the spring season. Within the pages of your Bible exists a calendar that was given by God for us to observe.

However, as predicted by the Heavenly Father, a calendar was to come that will attempt to alter time and be against his ways. **Daniel 7:25** “*And he shall speak great words against the most High, and shall wear out the saints of the most High, and **THINK TO CHANGE TIMES AND LAWS:** ....*” This modern calendar is a tool used to wear out God’s people, the children of Israel (the so called Blacks, Hispanics, and Native Americans) by trying to replace all his holy days for Satanic celebrations. They have deceived our people to follow a flawed calendar that goes against all of the Creator’s ways. Ask yourself how can the middle of winter and the middle of night be the beginning? **Romans 1:25** “*Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen.*”
